

Justin S. J. Hargreaves

BSc Honours in Chemistry, University of Liverpool, 1984

PhD in catalysis (oxidative coupling of methane), University of Liverpool, 1990, supervised by Professors Richard Joyner and Graham Hutchings

Postdoctoral research assistant with Professor Roel Prins, ETH Zurich (HDS catalysis), 1990-1991

Postdoctoral research associate with Professors Richard Joyner and Graham Hutchings, University of Liverpool (partial oxidation of methane), 1991-1994

Senior Research Fellow, Nottingham Trent University, 1994-2000

Principal Scientist Leverhulme Centre for Innovative Catalysis, University of Liverpool, 2001-2002

School of Chemistry, University of Glasgow, currently Professor of Catalytic Materials Chemistry

Editor, Applied Catalysis A: General, since 2013

Secretary EFCATS, since 2015

Chairman Surface Reactivity and Catalysis Subject Group, RSC, since 2015

UK representative, International Conference on Environmental Catalysis, 2016
